Major grants announced for two villages

**\$116,000
for Minden
Centre**

**\$750,000 for
Haliburton
hospital**

A grant from the provincial Lottery Corporation in the amount of \$116,225 has been announced to assist in the construction of a major addition to the Minden Community Centre. The announcement was made Monday, and relayed in person on Tuesday by Victoria - Haliburton MPP John Eakins. Mr. Eakins is also the Minister of Tourism and Recreation, a department which includes responsibility for the provincial Lottery Corporation.

The money is being made available under a capital grant for new recreational facilities which provides up to 50% of the cost of a project which adds to the recreational facilities of the community. The estimated cost of the Minden project has been set at \$250,000. The Rotary Club of Minden, which has been instrumental in applying for the lottery funding, has committed up to \$50,000 for the project with the remaining money coming from municipal sources. The grant application was submitted in the name of the municipality.

The project will see a two storey addition constructed between the existing community centre and curling club. The upper level will include an expansion of the existing community hall to almost double the present space. The new addition will create one large room or the old and new sections can be divided to create two smaller rooms, approximately the same size as the existing hall. The plan calls for the existing hall to become the home for the municipality's Beaver, Cub and Scout, Brownies and Girl Guides groups. Two offices for these organizations will be

(more on page 2)

Funding for an 18 bed chronic care facility in Haliburton was announced Friday by the provincial government. At a price of \$1.5 million the new addition will almost triple the present capacity of the hospital. Half the cost - \$750,000 - will be met by the Ministry of Health and the other half will be made up by the county, the municipalities, service clubs and from private donations.

"The new facility has got to go through," said Haliburton County Warden Harry Davis. "We need it badly and we've just got to bite the bullet and go ahead and do it."

Leo Dorion, the executive director of St. Joseph's Hospital in Peterborough, which administers Haliburton and Minden hospitals, was also pleased with the plan for the beds. "We're delighted to get them, but it's still going to be tight."

"I expect we'll be short, even when the beds are completed, but 18 are better than none," he commented.

There has long been a need for chronic care beds in the county and last August the board of St. Joseph's Hospital set up an ad hoc committee to study the problem and suggest solutions. Results from that study were included in an application for a grant sent by the St. Joseph's board to the Ministry of Health last June. The Ministry took less than two months to deliver its answer.

"The whole thing happened amazingly fast," said Barbara Dawson, the ad hoc committee chairman. "Usually you have to wait a long time while the government considers your

Residents challenge Pine Point closure

The area known as Pine Point beach on Lake Kashiagawigamog near Ingoldsby could be sold into private ownership by the Municipality of Anson, Hindon and Minden. The beach has been used for swimming by the public for the last 70 years. Residents of the municipality, particularly residents in the Ingoldsby

area, however, are against the sale of the land.

In a presentation to council at the last meeting (August 12), Mr. and Mrs. Ernest Thorn expressed their concern over the proposed sale.

"It's the safest beach in the area," Mr. Thorn told council. "There're no beaches on the lake that are

as safe for small children as the one at Pine Point."

The Thorns explained they owned land close to Pine Point and now the beach is in dispute, people have been using their beach. "But who's going to be liable if there's an accident?" Mr. Thorn asked.

The site of the new Ingoldsby bridge used to be

used as a public swimming area, but with the construction of the structure, the beach is no longer suitable. "We've lost one swimming area," Mr. Thorn said, "and we're about to lose another; where do the children go?"

He suggested two possible
(more on page 7)

Paddlers test white water skill

Minden will be swamped with vehicles sporting kayaks this weekend for the 1986 Pan-American Cup Competition. The Pan-Am is one of six major white water competitions and is held every second year in North America.

The race organizing committee reports that 128 competitors have now registered for the event, which includes practice paddling on Friday and Saturday afternoons and competition runs through most of Sunday. The competitors are from ten different

countries including Australia, New Zealand, Europe South and North America.

The weekend competition is second only to the World Championships that will be held in 1987 at Bourg St. Maurice, France. The competitors this weekend will include some of the world's best paddlers, including several current world champions and other medal winners from last year's World Championships in West Germany.

White water racing is defined as a "downriver" or

"wildwater" race. According to the race committee, "This involves a race against time in a direct confrontation with the natural hazards and hydraulics of the river." Each event is divided into four competitive classes: Men's Kayak (K1), Women's Kayak (K1W), Men's Canoe (C1) and Two Person Canoe (C2).

Slalom racing with kayaks is similar to slalom skiing, in that the paddler must negotiate a number of "gates" during the trip downstream. Each gate consists of two poles hung

vertically from a rope stretched across the river. Paddlers receive a five second penalty if they touch the gate while passing through and a 50 second penalty if they miss the gate. The penalties are added to the paddlers total finishing time.

Spectators can view open practice sessions all day Friday and from 10:00 to 11:30 a.m. and 3:10 to 4:30 p.m. on Saturday. The actual competition runs from 10:00 a.m. to 3:30 p.m. on Sunday.

Grant will fund airport study

The Federal Ministry of Transportation has given Stanhope Township \$25,000 to pay for a study comparing the cost and benefit of proposed improvements to the township airport, council learned at their meeting last Wednesday.

The ministry will only consider helping to pay for the airport improvements if the study is carried out, council was told.

The proposed upgrading projects include paving the runway so the airport can be

used in winter. An asphalt surface will also enable planes to take off more quickly and safely in all seasons.

"I'm very confident we will get the necessary funding to finish upgrading the airport," Councillor Jock Mavor said later. "I can't see them (Transport Canada) funding the study if they didn't think it likely they'd fund the work on the airport as well."

Mavor also said that it is standard procedure for the

ministry to order and pay for cost-benefit studies when considering grants for projects like Stanhope's.

Though the cost of upgrading may be high, council believes the benefit of increased accessibility of Stanhope to all kinds of air traffic would be worth the price.

The township has been seeking funds to improve its airport for some years now, but it is only within the last three that headway seems to have been made.

Haliburton hospital

(from page 1)

proposals."

The reason for the prompt reply, Dawson explained, is because the Provincial Government had just decided to spend \$850 million to update and modernize health care facilities across Ontario.

"We were in the fortunate position of just having concluded our study when the funds became available. It was pure luck on our part."

Though there are acute

care beds and nursing home beds in the county now, the 18 new beds will be Haliburton's first for patients needing chronic care.

When the new facility is completed, chronic patients (those needing more than four hours of nursing care a day) will be able to find care close to home. At present they must go to hospitals as far away as Toronto and Lindsay.

The new facility will create 30 new jobs.

Community Centre

(from page 1)

created at the rear of the hall. A third office will accommodate the community's Rotary Club.

The present stage will be repositioned so that it serves both rooms individually or the single large hall. The present kitchen facility will be relocated behind the stage where access will be available to either section of the centre.

The lower level of the new complex will be reached through the present arena entrance. It will include two squash courts with a viewing area and dressing rooms, two new dressing rooms for teams using the ice surface, storage rooms for the community's minor hockey and figure skating clubs, a club meeting room and an indoor work area for the municipality's parks and recreation department.

Mr. Eakins visited the community Tuesday to convey the news of the grant in person to the local council. He told the members of council and representatives of the Rotary Club how pleased he was to announce the lottery contribution to the project. Noting that community centres are important gathering places for residents throughout the area, he said the addition would help enhance the growth of the services available.

Reeve Sinc Nesbitt expressed the appreciation of the municipality for the substantial grant, echoing the minister's remarks about the importance of the centre for the community.

A committee of municipal council, staff and Rotary Club members has been formed to oversee the construction of the new facility.

Police search for Gooderham suspect

A 24 year old Gooderham man is being sought by police in connection with a motor vehicle accident August 16 in which a man was knocked down by a car and dragged for thirty feet on Highway 503 at Gooderham.

The authorities are currently searching for Darwin Mintz in connection with the incident. Charges pending against Mintz include dangerous driving causing bodily harm, failing to remain at the scene of an accident and operating a vehicle while disqualified.

The injured man is 26 year old Peter Graham also of Gooderham. He was knocked down by a car described as a 1977 or 1978 Chevrolet, maroon with a white vinyl roof. The incident occurred at 12:45 p.m.

Graham suffered from cuts and bruises. He was treated and released from Haliburton Hospital.

Noise conviction

Individuals who disturb the enjoyment of adjacent property owners on a lake by making excessive noise could be facing a fine. That was the result of a recent hearing in Provincial Court in Minden.

35 year old William Richard Mueller was fined \$100 following the conviction. The charge of

mischievous was laid following an incident July 20 on Maple Lake in Stanhope Township.

The charge was laid after the man continued to play a stereo loudly after a number of requests from neighbours and the police to reduce the volume. According to the presiding judge, the man's neighbours had their right to the lawful use of their property without the interference caused by excessive noise.

Constable Al Bibby was the investigating officer.

Boats stolen

Police are investigating a number of boat thefts which occurred in the county during the past week.

A boat, motor and trailer was stolen from a cottage on Maple Lake. The property was taken sometime during the past week. The Thundercraft boat and 115 h.p. outboard motor are valued at \$10,000. A lock had been snipped from the trailer on which the boat was resting.

On the night of August 16-17 a 16 ft fibreglass boat with a 35 h.p. motor was floated away from a cottage and loaded on a trailer.

Also during the week, a 12 foot aluminum boat was stolen from a cottage on the Burnt River in Snowdon Township. Taken with the boat was a 4.5 h.p. motor.

Police are continuing their investigation into these thefts.

Motorcycle mishap

Two people were injured when the motorcycle on which they were driving struck a raccoon on Highway 35 south of Minden. According to the police, Clarence Allred, 37, of Fenelon Falls and his passenger, Susan Allred, 35, were thrown from the 1984 Yamaha motorcycle when the machine struck a

raccoon at approximately 10:30 p.m.

The pair were taken to Minden Hospital for treatment of cuts and bruises. Damage to the bike was estimated at \$900.

Constable Jim Morris investigated the mishap.

Driver charged

Another raccoon is being blamed for a single car accident Saturday on the Buckslide Road in Stanhope Township. The driver, 16 year old Tracey Goodwin of

Richmond Hill, swerved to miss the animal and her 1986 model Bronco left the roadway and rolled over in the ditch. The vehicle was destroyed by the impact, with damages estimated at \$16,000.

Goodwin and her passenger, 18 year old Lisa Plum of Don Mills, received minor injuries.

The driver has been charged with operating a motor vehicle without a driver's licence.

The investigating officer

is Constable Gary Chapman.

Safe driver

The winner of this week's safe driving award is Bud W. Cooper of Lutterworth Township. The man was observed driving in a safe and courteous manner on Highway 35 and 121 in the Minden area. The driver observed the speed limit, dimmed his lights as required for oncoming vehicles and signalled his turns and lane changes.

Acid rain report

The following report on the acidity of rainfall recorded at the Ontario Ministry of Environment testing station in Dorset was prepared by Environment Canada in Toronto. Two precipitation events were recorded during the past weeks.

on August 10, 7 mm of rain with a pH of 3.9 was reported. The rain was traced from Wisconsin, Michigan and southern Ontario.

on August 14, 18 mm of rain was recorded with a pH of 3.9. The rain travelled over Ohio and southern Ontario before reaching Dorset.

Environmental damage is usually observed in sensitive areas regularly receiving precipitation with pH less than 4.7. Readings of 4.0 pH or less are considered dangerous. The lower the reading, the more acidic the precipitation.

Protecting access

The reaction of Ingoldsby area residents to the closing of a portion of shoreline on Lake Kashagawigamog, known locally as Pine Point, should be of interest to residents throughout the municipality, indeed, across the county.

The group of area residents who have submitted a letter to the editor appearing in today's paper, are concerned that a bylaw to close-up and sell a portion of the shore allowance to an adjacent land owner will effectively deprive them of access to a safe, easy to reach, beach. As well, if the access is lost, they note that there are few, if any, other suitable public swimming areas in the vicinity of the community.

In the past, those favouring the closure and sale of the shoreline property have argued that the area attracts noisy parties often going on into the night. The result being a residue of litter, broken glass, and damage to adjacent property. Those who attempt to quiet the revellers are often the target of verbal abuse. All compelling reasons to stop public access and eliminate the problems.

However, in addressing this problem in this manner, the municipal council is hurting more individuals than it is protecting. Not all residents of this municipality, or others in the county, own property allowing direct access to water. Most must rely on the few public beaches scattered throughout the Highlands. Therefore the suitable public areas such as Pine Point, should be maintained for public access and indeed, developed to enhance their attractiveness. In doing so, the council must also realize its responsibility to adjacent property owners. They deserve to be protected from those inconsiderate of others. This could be accomplished by ensuring these public areas are patrolled on a regular basis. The introduction of a 9 a.m. to 9 p.m. daily use schedule would go a long way to ensuring public use does not necessarily conflict with the rights of private property owners.

The right of public access to this location should not be lost.

A well-protected easy rider.

letters letters letters

Editor:

We would like to address this letter to all tax payers of Anson, Hindon and Minden Twp.

Many of us are against the closing of road allowances that provide public access to water.

If you are interested in what stand the present council takes on this matter, you should plan to attend the public meeting on August 26, 1986, 7:30 p.m. at the Minden Municipal Chambers.

At that time they are to deal with the matter of road allowance along the shore of Lake Kashagawigamog in front of Lots 21 and 22, Concession 2, Twp. of Minden.

This involves the beach which has been used by local people for nearly a century and is locally known as Pine Point.

See you there.

Marvis Burk,
Jeff Carpenter,
Wayne Henderson,
Elva Milburn, and
Linda Schrader.

Editor:

Your announcement, page 14, August 13, 1986 edition of The Times, must be pursued by reprieve and editorial staff.

Area golfers at least are raising questions; such as, age and physical stature of Mrs. Thompson, makes of ball and clubs used, manner of address to ball; i.e., "Please ball go all the way" or; "Ball, you go do it or I'll throw you in the pond".

These type of queries must satisfy golfers, where-as the physical application of the laws of kinetic energy pertaining to this accomplishment will be of supreme interest to those of us with a more science oriented outlook.

W. H. Ingram,
Minden.

Editor:

In regard to "Golfer scores ace" (August 13) the golfing and scientific communities demand more and finer details of this accom-

ishment.

Your report stated that Mrs. G. Thompson scored the ace on a par 4 hole with a monumental drive of 327 yards. I am certain that such worthies as Bob Tway, Greg Norman, Jack Nicklaus would be envious of a drive of such a distance and especially performed by a member of the gentler sex.

We would not wish to detract in any way this feat, but up until this was accomplished, this same eleventh hole at PineStone was 176 yards, par three.

Ho Eng Wan,
General Secretary,
Hole in One Associa.
Canada

Editor's Note: We were unable to authenticate the authorship of the above letter, and, while it is contrary to this newspaper's policy to publish letters of dubious lineage, because of the subject matter and nature of the comment, we felt the rule could be waived this time.

letters

Editor:

The true spirit of our county lives on in the heart of a salesgirl working at Stedmans in Minden.

On Friday, August 15th, I went to Stedmans to purchase a doll to fit an outfit I had made and wanted to enter in the Fair. They did not have the size of doll I required. The salesgirl helping me said that she had a doll that was the right size. She was just finished working and went home to get it.

This was a beautiful china doll given to her by her aunt.

Never having met this girl before, she was willing to lend this doll to me with nothing more than the exchanging of names and a phone number.

What a wonderful world this would be if we could take a lesson from Dawn Duncan and show trust in others and a willingness to help and try to please others.

Thank you Dawn - you surely deserve half of the pleasure in the ribbon we received.

Gwen Robinson,
Blairhampton.

Editor:

Just a belated note to thank you for an excellent report and coverage on the tornado that passed through the Minden area around the first of July.

I found the article both well written, accurate and concise. The photographs of the destruction caused by the high winds were also well done.

My wife and I were on Highway 503 at the time it hit, heading from Tory Hill to Kinmount and were very fortunate to make it, especially with the driving wind and rain. Friends of ours had their cottage destroyed just north of Carnarvon.

Again sorry I'm late but thanks for a job well done and keep up the good work.

Your sincere subscribers,

Mr. & Mrs. A. G. Murphy,
Toronto.

Re: \$340,000 worth of nothing:

That is the cost of inflation in Stanhope Township. From \$300 to \$340. Taxes for which nothing is received.

As I wrote in my last letter, I had requested the Township of Stanhope to at least supply cottagers who do not live on Township roads with gravel from the Township gravel pits. Their answer was, that it was against the law. That is it. Final. Nothing else.

I would like to say to the

(more on page 6)

A UFO believer struggles toward truth

by Chris Haslett

It has been almost thirteen years since the people in Haliburton Highlands began seeing things.

What these objects were has never been established. They were given the broad classification of Unidentified Flying Objects, a name coined by the American government after a pilot, Kenneth Arnold, observed some very fast flying discs in Washington State in 1947. Most UFOlogists - variously qualified, often eccentric people given over to the study of UFO's - agree that the latest wave of sightings stretches unbroken from 1896 to the present.

Vintage military jargon, the words "Unidentified Flying Object" nevertheless reflect a strong sense of challenge, even fear. Yet they are swathed in conservatism; even today it is surprising how quickly a conversation degenerates as people try to make the final breakthrough - the act of making sense of it all.

A thin line separates fact from belief. For example, the fact that water always freezes at zero degrees Centigrade would be of small use if only one half the population believed in it. Scientists would have an equal amount of trouble determining the freezing point if 95% of all thermometers lied.

UFOlogists like Peter G. Sweet of Minden face exactly the same dilemma. Photographs, so often a respected proof in police work and other areas, are scoffed at when purporting to show a UFO. Professional skepticism is understandable when you consider that 95% is a good estimate of the number of UFO photos that are poor fakes.

The remainder consists of authentic and better fakes. Sweet has been called "Minden's resident UFO-logist". In the declining farmstead that serves as his home, a few miles north of Minden, he recently displayed two "undisprovable" photos.

One showed George Adamski's well-known "Scout ship". Though a famous photograph, the fact that a souvenir model the size of a cigarette lighter has been marketed inevitably leads to some unkind theories as to the picture's origin.

A thick file revealed no photographic evidence of UFO visits to Haliburton in 1974. There were plenty of stories, however, and even a few physical traces, albeit strictly by hearsay. A Toronto Star article reported, "Folks started driving to Boshkung and to Lochlin to hang around, hoping to see things.

"Very few, if any, did. 'You don't see them if you sit around waiting for them,' says Sweet, shaking his head."

"No doubt about it, this is UFO country," blared the headline to a story in the Peterborough Examiner about Haliburton.

Searching the clippings

Anyone who has had to search through old news clippings knows the unpleasantness of the task. The crisp, yellow pressed leaves are as welcoming as a ghost town. A half dozen farmer's wives, clad in housecoats and the kind of glasses last seen in still older issues of Life magazine, grimace as they point to "where the object came down."

Although the chairman of the Minden Chamber of Commerce in 1974 called himself a skeptic, he is quoted as saying that "there is something to what's going on. Too many people of good character and good reputation have been reporting things. I don't know what it might be, but there is something to it."

Towering like an intellectual giant over the events of 1974 was Peter Sweet. When the story broke on the front page of the Minden Progress on February 21 of that year, UFOlogy was near, if not at, its peak continent-wide. Feature stories appeared in the Peterborough Examiner and the Toronto Star by the year's end as testimony to the fame of the Haliburton UFO sightings. But it was Sweet's early publicity and wide ranging contacts that appears to have made such recognition possible.

He wrote a weekly discussion column on UFO's for fourteen weeks at the urging of the Progress's publisher, Bill Foote. A book detailing the sightings was also on the agenda. It was never written. The account which follows is by no means without omissions, as Sweet would eventually count 25 "credible" sightings of UFO's by the fall of 1974. These are merely the highlights:

The earliest sightings were already three months old by the time of the February 21, 1974 story. The location was Boshkung Lake, not far from Carnarvon, and the UFO's appeared "kite, or cigar-shaped, emitting amber, red, blue and white lights." They had as many as nine antennae each, with which they appeared to signal each other.

The Boshkung sightings were remarkable for their regularity and longevity. One UFO that ventured onto a resident's driveway left an imprint in the snow some 26 feet long. The police were invariably receptive

but unimpressed.

Reports then drifted in to Sweet from scattered locales in the county. A hunter saw an object that resembled "a helicopter with the tail off of it." A chrome-like object visited a woman on Glamor Lake. Some of the sightings went back eight years. The issue erupted one more time during Thanksgiving in 1974 when The Progress blared, "Unidentified Object Pursues Milkman."

The worker in question spent a little while watching the UFO, which was shaped like a seashell and carried a bright white light above it, before he left at 4:00 a.m. for his job at the Kawartha Dairy. The UFO pursued his car; a few minutes later he was parked in the ditch and the UFO nowhere to be found, a symbolic finish for

unprovable as they are undisprovable, hinging on that all-important testimony: "I saw..."

"We are no closer to understanding UFO's today than we were in '75," admits Sweet. Although his reasons for stating this are quite different from what one should normally expect (they are outlined later), his tone echoes the frustration felt by all sides.

Sweet was born 54 years ago in Cleveland, Ohio and became interested in UFOs shortly after the Kenneth Arnold incident. His intelligence could easily have drawn him to the universities, but his mind was restless, so that "my finest day was when I left school. Only then did I begin to learn."

Excluding a short stint as

Alien romance

While we reject flying saucers as a scientific reality, we have bred the romance of alien encounters into our books and movies. We have come a long way from the sci-fi films of the 1950's that portrayed aliens as ugly and warlike. It would be ungenerous to deny the role that science-minded UFOlogists like Sweet have played in transforming public opinion. It was reported in 1973 that 15,000,000 Americans had seen UFOs, as opposed to only 15,000 in 1965.

On a darker note, Sweet has seen and heard evidence of a conspiracy to discredit believers in flying saucers. He and others charge that Project Blue Book, which ran from 1949 to 1966 and is the only official government

couple from Bracebridge, Ontario, were approached afterward by "three men in black suits, riding in a black Cadillac."

Sweet was not surprised when the government denied any knowledge of them. "If you looked at them closely, there was always something out of place. Everything would fit and make sense, then suddenly you'd see a 1939 licence plate on the car. There was always something out of place."

"They did it to scare the hell out of people. 'Shut up. You saw nothing,'" paraphrased Sweet. A similar event happened in Lochlin too, but the three men were replaced by a sinister 16 year old youth, who allegedly stared through the window of a female UFO believer's house.

Perhaps the youth and three men came from the same place as the fleeting UFOs, for Peter Sweet has dedicated the last few years of his life to formulating a radical new explanation of the sightings. Although the theory is far from complete, he now speaks of their existence in purely energetic terms. "There is a theory that these are pure energies, but ones that take the shape of UFOs," he explains. "We have not been looking in the right place for explanations. We tend to see UFOs in a highly technological sense, but I think it has nothing whatever to do with technology. It is our interpretation of it."

He now feels that these "illusions that one can touch" come from another plane rather than other planets. In other words, they are not of this universe, and Sweet professes that he is unsure as to the purpose of these "energies". He is faithful, however, that men will come to an understanding sooner or later and when it does come, it will arrive with the immediacy of a Revelation from God. "Oh it will happen instantly! All of a sudden," Sweet says brightly.

He has already begun to apply the energy theory to famous existing cases. One of his favourites involves the abduction of two men in a flying saucer full of grotesque humanoid creatures on a riverbank near Pascagoula, Mississippi in 1973. A major stumbling block to UFOlogists has been the fact that no one else who was near the river at the time of the kidnapping saw anything. Peter Sweet reasons that the case involved energies making contact with individuals.

"The horrible truth with Pascagoula is that nothing happened. It all happened up here," said Sweet, pointing to his head.

At home in his farmhouse, near Minden, Sweet rolls a cigarette.

the last flying saucer encounter to take a prominent place in a Haliburton County newspaper.

Recent reports

It was by no means the last sighting in the area and Sweet has received reports on UFO's as recently as last month. Still, nothing is quite as dated these days as a news clipping dealing with UFO's. Despite the enduring gripe that the media exploits fads without following up on them, news editors are highly concerned with the aftermath of events, provided they are insightful. This is precisely why UFOs have disappeared from popular imaginations.

The depressing reality for UFOlogists is the inspiringly large pile of reports Sweet and his colleagues have compiled. They differ as to details, but most of the reports are as

a Minden Progress reporter, he has spent most of his life as a TV technician working in various studios. He began vacationing in Haliburton in 1942, arriving with his family at Horseshoe Lake. He took up residence here in the spring of 1973.

His memory of the events of 1974 has hazed somewhat, probably a necessary reaction given the length and breadth of reading and thinking that have filled the years in between. He is adamant that his columns and articles on UFOs were a positive force in the county. "They were very well accepted by the community," he adds.

He also insists that an individual's interest in UFOs is life long, even though the media's interest may not be. "You are like it for the rest of your life. You never lose it. It gets in your blood."

investigation of UFOs to date, was fed only a small selection of all UFO cases coming in. They also believe that the U.S. Air Force is hiding the remains of two crashed UFOs and the deep frozen remains of its alien occupants in a warehouse in Dayton, Ohio.

News organizations that are too honourable to practice outright censorship find subtler smokescreens, according to Sweet. He cites as an example the wire service bulletin he saw in 1968 while in a studio newsroom. "The bulletin was of an advisory nature from the wire service, saying that from that date on, all reports of UFOs should be treated in a light and humorous manner," he recalls.

The last of his accusations unnerves him to such an extent that he is unwilling to relate it. A number of UFO sighters, among them a

While most individuals recognized the familiar skirl of the Haliburton Legion Pipe Band during Saturday's Fall Fair Parade, they may not have been aware of the special significance of the event for Pipe Major Earl Cooper. For the first time, Earl was joined by his three sons in a formal parade setting. While all his sons have followed in his piping footsteps, his eldest son George, had moved away from home before his youngest, Andrew had started piping. So Saturday provided a special proud moment for the familiar Highlands piper as he assumed his traditional position at the head of the right rank of pipers and his sons led the other three. Seen leading the band down Minden's Main Street are, from the left, Earl and his sons George, Alan and Andrew.

Hustlers on verge of another championship

The Minden Rockcliffe Hustlers have taken a two game to nothing lead over the Bobcaygeon Juniors in the Tri-County League Fastball Championship series as a result of two games over the past week.

Last week, on Thursday night in Minden, it was a very close game for four innings as the Hustlers held a 1-0 lead at this point on a solo homer by Barry Shaw. But then, the roof caved in on the Juniors as Minden scored six runs in the fifth inning and five more in the sixth for a final score of 12-0.

Big guns at the bat for the Hustlers were Barry Shaw (2 homers - 1 single) Andrew

Burk who was the designated hitter for the game (triple - 2 singles), Rick Hartwick, Brian Shaw, Jack Snell and Colin Newell all had two hits in the winning cause.

Brian Shaw tossed a three hitter and struck out ten to take the win.

The Hustlers travelled to Bobcaygeon on Monday night for the second game of the series with a skeleton crew as they were short 4 regulars. However, they had championship in their eyes as they again downed the Juniors by the score of 4-0 behind the six hit pitching performance of Barry Shaw.

The Hustlers got on the board in the first inning on a

triple by Rick Hartwick and a single by Brian Shaw. The score remained at 1-0 until the fifth when they picked up another run on a double and a single and two more in the sixth on a Rick Hartwick single and doubles by Barry and Brian Shaw.

Due to previous commitments of some Bobcaygeon players, the next game of the series will be next Monday August 25 in Minden at 8 p.m. with a fourth game in Bobcaygeon Wednesday August 27 if necessary and back in Minden Thursday August 28, also if necessary.

Since the game on Monday could be the final game, if the locals win, let's get out and give the boys a final cheer in their bid for the championship.

Letters

(from page 4)

Township of Stanhope that I will not bother them anymore with such trivial problems as I have in the past concerning the whereabouts of my taxes and what I get from them. The answer is still nothing.

And to anyone else wanting to question the whereabouts of your tax dollars - save yourselves the trouble. No one wants to tell you because it might ruin a good thing.

And then the assessor will come to your cottage as he did to mine and tell you that no one sent him and that it was just a routine thing. I believe him. He just showed up after my last letter. He is a permanent resident in the township. And he is the son of the Deputy Reeve of the Township of Stanhope. I know the reader of The Times won't place any

importance on that fact either. It was strictly coincidence that I should get re-evaluated. I don't expect any changes in my assessment because nothing has changed.

I am amazed that other cottagers do not ask questions and voice their opinions. Then again, maybe they have and they too had a coincidental visit from the Provincial assessment officers who do not normally get asked by local councils to do one re-evaluation. Strange! Something like the loon(ies) from Jack's World. Sorry Jack, I like your column. You should write more on the controversial issues.

Maurice Woods,
Peach Lake.

P.S. To M. Lawr - your letter was off base. You missed the whole point.

Stanhope council briefs

The following are items from the August 13 meeting of Stanhope municipal council.

An amendment to the peacetime emergency plan was passed, putting into effect a general updating and clarification in wording of the original plan.

First passed by council agreement with the municipality of Anson, Hindon and Minden to share equally the cost of a new entrance to Crooked House Road.

Study grant

A letter from Transport Canada was read informing council of the Federal Ministry's offer of \$25,000 to Stanhope Township to pay for a cost-benefit study on a proposed expansion to the township airport. Council is still considering an agreement it must sign in order to get the funds.

No fishing

A bylaw was passed making it illegal to fish from St. Peter's Bridge. The

bridge is narrow, council was told, and someone likely to be hit by a car if people continue to fish there.

Light targets

A letter from Blanchard Electric - the company services Stanhope's street lights - was read to the meeting. Council learned that one of the lights in the Carnarvon area has 16 bullet holes. The letter did not say what kind of bullets made the holes.

Share costs

Council was told of an two years ago as part of an agreement between the federal and provincial governments, the plan is intended to deal with natural disasters such as destructive storms and forest fires.

Trail membership

Payment of Stanhope's annual membership fee to the Highlands Nordic Trail Association was authorized. The \$50 fee will go to maintaining old trails and to making new ones.

A free society

-by Bill Scott, MP -

We are very privileged to live in a society which allows unlimited freedom to each person to do and say what they feel. This very freedom, which we cherish dearly, can sometimes be abused. For many years now, we have abhorred from afar the acts of terrorism we have seen on television, radio and in media reports from the so-called hot spots of the world, the Middle East, Central America, Africa, etc. As we know, they are no longer limited to foreign shores.

On August 13th, a bomb-threat at the U.S. Embassy, across the street from Parliament Hill in Ottawa, reminded us again that this is no longer a solely distant threat. No so long ago, we were jolted to this reality when a Canadian passenger plane was used as the object of a terrorist massacre. The bomb-threat in Ottawa was handled very professionally by the R.C.M.P. and even had it been a real bomb, I am sure their diligence would have prevented serious injuries. Unfortunately, the earlier airplane incident was

not detected in time.

These incidents prove that international terrorism can strike any country, and Canada is no exception. Our government is strengthening airport security and security procedures, and we are in the process of upgrading our counter-terrorist activities through the creation of a permanent Special Emergency Response Team. We have also established more protection for foreign missions and personnel in Canada. In addition to taking these measures, we have reaffirmed our policy of refusing to make concessions to terrorists.

Canada remains one of the safest countries in the world in which to live. However, we must accept the reality that we are as vulnerable as any other country. I am hopeful the measures the government is taking will serve notice to international terrorists that we are prepared to deal with them and will not tolerate any acts against our country or any of its citizens.

Noise bylaw

Mr. Don Joynt made a delegation to council to complain about Stanhope's noise bylaw. "Would you consider an amendment to the bylaw?" Mr. Joynt asked, suggesting council include a mention of hours of day in the wording of the controversial bylaw.

Keep Canada Beautiful

Pine Point

(from page 1)

solutions to council. Part of the road allowance at Pine Point now used by the public could be fenced off for their use or, Mr. Thorn proposed, land along the shore at the end of the Kelson Road could be developed as a public park.

There is also a beach on Twelve Mile Lake near

Carnarvon which, though used by the residents of the municipality since 1915, could soon be closed.

A public meeting to discuss the problem of the Pine Point beach will be held in the municipal chambers on Tuesday, August 26. A delegation of residents are expected to attend that meeting.

Branch 129 report

by Gerald Irish

At a meeting on August 14, your Executive decided to recommend at the September 4 General Meeting, that Branch 129 sponsor a second annual Bluegrass Festival in 1987.

If you, as a member, have any strong opinions, either for or against this proposal, come to the meeting and be heard.

The most popular question these last few days is "How did we do (financially) at Bluegrass?" I'm sorry. We don't know. Jim and Wally are still trying to finalize the figures but all of the bills are not yet in. They hope to have all this information for your at the general meeting.

After the meetings last Thursday night, we were shown a video of parts of the Bluegrass Festival. This was most informative and at times, amusing. The Branch is purchasing a copy for the use of its members.

Many ways of improving the festival have been discussed and hopefully will be incorporated in future festivals.

President Joan thanked everyone in her "Thank You" in last week's paper. To that, I, as Bluegrass Coordinator, would like to add my thanks.

Thanks to everyone who helped in any way to make this, our first Festival, such a resounding success. Also thanks to the many people who took time to complete the Bluegrass questionnaires. Your comments and suggestions are much appreciated.

Tickets to see and hear the very entertaining Del Dickenson, "The Yorkshire Lad" are now on sale in the Club Room. Del was here earlier this year and those who attended his show were delighted with his varied performances. The Yorkshire Lad provides music for dancing and singalongs and has some hilarious routines that will keep you laughing all night.

This show and dance will be held in the auditorium on Saturday, September 13. Doors open at 8 p.m. with show time at 9 p.m. Admission is \$7.00 per

person (advance sale) and \$8.00 per person at the door (if there are any tickets left) and include a light lunch. Don't miss this highly entertaining night.

On Saturday the 16th, a group of Branch 129 members and friends attended the Warriors' Day Parade at the C.N.E. in Toronto. This was a fun day. As the veterans and Legionnaires marched past in review, to the martial strains of the many, varied bands, a feeling of deep emotion and pride was experienced. These were the surviving members of a group who had fought for us, to preserve our freedom that we should hold so dearly.

After the two hour parade, Lloyd Whittaker (or 'Whit' as he is commonly called) informed us that this was his 25th consecutive year at the Warriors' Day Parade. I hope Whit can march in the next 25. This is quite a record for one of our comrades.

D.V.A. representative,

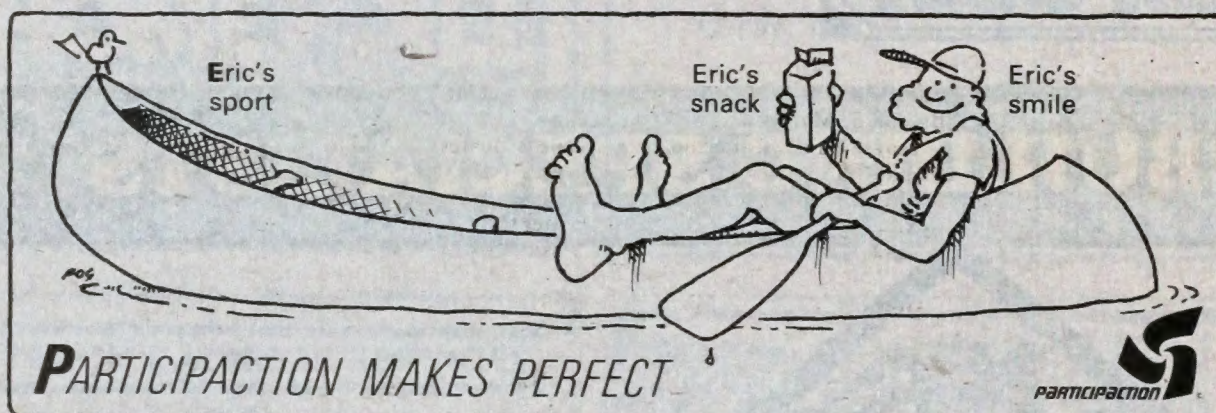

Gary Barker, will be at the Legion on the last Tuesday of the month. If any veteran needs assistance or information, see Gary. He is here from 10 a.m. to noon on that day.

The plaques at the club room bar are finally here and have been installed. These plaques are placed on the facing board over the bar in recognition of those people who contributed two hundred dollars or more to assist with bar renovations. There is still room for more if you wish to make a similar donation.

Don't forget. There will be an executive meeting on Thursday, August 28 at 7:30 p.m. The general meeting will be held on Thursday, September 4 at 8 p.m.

It is good to have comrade Jack Bassett back with us after a brief sojourn in hospital in Toronto. Welcome home Jack.

50-50 draw winners for the last two weeks were Jerry Wilson and L. Brohm.

Results from the 122nd County Fair

The 122nd Haliburton County Fall Fair is history. This past weekend hundreds of people watched the parade through Minden, visited the fairgrounds to take in a wide variety of entertainment, displays, competitions and enjoy the fun and excitement of the midway.

Photos on the follows pages capture some of the excitement of the two day event. Results from various competitions are listed below.

Talent show

This year's talent show was sponsored by the Minden and District Lions Club.

In the ten years and under category, Stacey Walker placed first. Maggie Stainton was second and Tina Houghton was third.

In the 11 to 16 year old category, Terri Fahey was first, Jason and Jennifer Billings were second while Terri Fahey and Sheldon Stevenson were third.

In the 17 years and over category, first place finisher was Terry Fahey while Sharon Walker placed second.

CORPORATION OF THE TOWNSHIP OF STANHOPE

PUBLIC NOTICE

TAKE NOTICE that the Council of the Municipal Corporation of the Township of Stanhope, proposes to enact a by-law to stop up, close and convey to the abutting property owners those parts of original allowance for road set out and described as follows:

FIRSTLY: All and Singular those certain parcels or tracts of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original sixty-foot shore road allowance along the shore of Boshkung Lake lying in front of part Lot 12 Concession IV and being more particularly described as Parts 2 and 3 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3589.

SECONDLY: All and Singular those certain parcels or tracts of land and premises situate, lying and being in the Township of Stanhope in the County of Haliburton and being composed of part of the original Sixty-six foot shore road allowance along the shore of Boshkung Lake lying in front of part of Lot 12 Concession V and being more particularly described as parts 6, 7 and 8 on a Plan deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R 3589.

THE PROPOSED BY-LAW will come before the said council for consideration at its regular meeting at the Municipal Office in the Township of Stanhope on the 10th day of September, 1986 at the hour of 11:00 a.m., and at that time, the Council will hear in person or by his counsel, solicitor or agent any person who claims that his land will be prejudicially affected and who applied to be heard.

DATED: August 6, 1986

Gerald C. Bain, A.M.C.T.
Clerk of the Corporation
of the Township of Stanhope

Mary Packard retires from County library

After 20 years as Haliburton County librarian, Mary Packard officially retired at a farewell party put on by fellow workers at the central library in Dysart last Friday.

"Oh yes," says Packard, "it'll be hard to leave the post after all those years of watching it grow."

Though there have been libraries in Minden and Dysart townships since 1890, the county library system wasn't set up until 1965 - and back then, says Packard, the operating budget wasn't what it is today. "In the early days, we couldn't afford all the employees we needed so the other librarians and I used to do everything."

"When it came time for a branch to get new books - all county libraries exchange their collections regularly - I did my bit by getting into my car and driving the material over."

But Packard didn't mind the work at all. It was wonderful, she says, to meet the rest of the staff in townships she wouldn't otherwise have had the opportunity to visit.

The greatest satisfaction

the job has given her, she says, was in helping to build the library from a few small and under-funded branches to a healthy county system that now boasts more than 30,000 books. "Watching it grow and develop over time has been a terrific experience."

"Now, the people of Haliburton County are well served. Though some of the public still doesn't know the library exists, it has become a very good one."

Users have the choice of a fine array of books, as well as tapes, films and magazines. And recently, the library has been branching out by sponsoring cultural events and entertainment such as puppet shows.

But the biggest boost, says Packard, came when the Province of Ontario began funding the library to the tune of \$25,000 a year.

That solved a lot of problems, she adds, but it also meant the pioneering days of long hours and book runs to distant branches, of which she had become so fond, had come to an end.

Retiring County Librarian Mary Packard and successor Joel Levis leaf through one of the 30,000 books in the County collection.

New librarian brings extensive experience to the post

As Haliburton County's new librarian, Joel Levis has had a lot of experience with books; he's worked in libraries all over the country.

From 1972 until 1980, he ran the regional library in Grand Falls, Newfoundland. Then he moved west to Saskatchewan and spent the next four years as a librarian in Prince Albert, and in 1984 he returned to the Maritimes to take up a post at a St. John, New Brunswick, library. (That province is also his wife's birthplace.)

Levis is happy to take charge of the already thriving Haliburton library system. "There's no question it's contributing to the community. With a collection of 30,000 books, that means we have three for every permanent resident in the county."

"We have a good beginning and a firm foundation to work from. My ambition is to build from there, to improve existing services and to add new ones where they're needed."

And Levis's previous experience setting up libraries will stand him in good stead here. Compared to some of the remote branches he's worked in, Haliburton County will be a cinch.

"When I first came to Newfoundland, many of the smaller communities had to make do with travelling book boxes instead of proper libraries. The system was centralized in St.

John's. When a village - or even an individual - decided to take some books out, they had to send a list of choices to the main branch in St. John's."

"And some time later - six months, eight months, you never knew - a battered grey box about the size of a small coffin would arrive on your door step. If you were lucky, it contained some of the books you asked for, but more often it was filled with alternatives, chosen by someone in St. John's because the books you asked for weren't available."

Of course the problem with the box system, ex-

plains Levis, was that the books didn't last and no one got what they wanted anyway.

His job in Newfoundland was to help set up the new regional library system which saw the establishment of modern branches in outlying towns and villages. Levis was sent to Grand Falls, a pulp and paper town of about 8,000 people in the interior of the province, where he took charge of setting up the library there, the second in the new system.

But his new job, says Levis, isn't any less of a challenge than his days in

Newfoundland, it's just a different one. "With automation banging on the door, and the needs of the community always changing, there's always going to be a lot of work to do."

One of the most pressing needs, adds the new librarian, is to inform people about the services their library offers. "Our facilities can be of help to almost everybody. Eventually I want to make it so that when anyone has a problem - whether to do with school or fixing the car, it doesn't matter what - they think first of the library as the place to find the answer."

The Minden Agricultural Society, sponsors of the Haliburton County Fair

wish to thank the following for their help with this year's fair:

The Royal Canadian Legion, Haliburton, Branch 129; The Minden HomeAll, the County Roads Department; Kawartha Dairy; The Municipality of Anson, Hindon and Minden; Minden Parks and Roads Departments; The Lions Club; The Haliburton County Farmer's Association; The Minden O.P.P. and The Minden Lawn Bowling & Senior Citizens Club.

Special thanks to:

Each - sponsor, exhibitor and especially each volunteer who worked so hard to make this year's fair a success.

No, this fish was not taken from Highlands waters, but the man who brought the lunger in does come from here. Gil Scott of Minden landed this 25 pound Salmon while fishing in Lake Ontario with other Minden residents Lloyd Boskett, Jim Grant and Jim Nightingale Sr. They were fishing from a charter boat run by Jim Nightingale Jr., out of Port Credit. The lunger was caught August 13 shortly before noon. The fish may not be a big winner in the Toronto Star Big Fish contest, but the lucky fisherman could be in for one of the many additional prizes offered in the competition.

Guild news

by Leo Dobrzensky

Last Saturday, Guild members participated in pioneer craft demonstrations at the 122nd County Fair in Minden. The spinners and weavers, some dressed in pioneer garb, were joined by two students enrolled in the Master Spinner programme at the Haliburton School of Fine Arts.

This year, the children were encouraged to spin, weave, make candles, etc., under the watchful supervision of experts. The

highlight of the event came when a group of youngsters took part in wood dyeing. A live sheep, the property of Ted and Mimi Carson, was covered with Kool-Aid and emerged, resplendent in rainbow colours. The colour was not very strong and will wash out, but according to Wendy Bateman who supervised the operation, the Kool-Aid dye can be set permanently. Another member of the group, Claire McLeod, demonstrated natural dyeing.

Welcome to the sixteen students presently enrolled in levels two and five of the Ontario Master Spinner

Programme at the Haliburton Campus of Sir Sandford Fleming College. I understand that several have come here from the United States. Level two of the six year course is taught by Wendy Bateman, Florence Lloyd, Betty Wilkinson, Dini Page, Marilyn Baker and Beryl Espley.

Some of the subjects covered include preparation of animal fibres, spinning and natural dyes. Level five students learn about construction, man-made fibres, synthetic and large quantity dyeing. Teachers are Wendy Bateman, Iris Kitagawa, Joan Foster and Beryl Espley.

Did you know?

Visitors from outside of Ontario may apply for a sales tax refund. The forms are available at the Haliburton County Information Centre across from the Emmerson Lumber Yard or at the Information Caboose by Head Lake. In Minden they can be picked up at the Chamber of Commerce. In Cardiff at the Cardiff Log School Information Booth. The refund is for goods to be removed from the province within 30 days of the purchase, for tax paid in the amount of \$7.00 or more. Original receipts are required. Claims must be submitted within three years from the date tax was paid. This does not include tax on goods and services consumed or used such as meals, admissions, telephone and telegram services gasoline and oil or charges for rentals and repaid labour. There is a formula for calculating the accommodation portion of hotel and motel charges.

Any store can phone and arrange to have forms available for their customers. Otherwise the tax can be avoided in the first place by the seller mailing the goods directly outside the province for the customer. To inquire further call the Information Centre at 457-2733 or Ontario Travel at 1-800-268-3735.

It is our sincere hope that the travellers visiting our area have a good visit!!

CORPORATION OF THE TOWNSHIPS OF
ANSON, HINDON AND MINDEN

NOTICE (FILE 86-6)

IN THE MATTER OF the Municipal Act; and IN THE MATTER OF a proposed By-law of the Corporation of the Townships of Anson, Hindon and Minden to stop up, close and convey to the adjoining landowner a portion of the original allowance for road along the shore of Kashagawigamog Lake in front of Lots 21 and 22, Concession 2, in the Township of Minden, in the County of Haliburton.

NOTICE IS HEREBY GIVEN pursuant to Section 301 (1) of the Municipal Act, R.S.O., 1980, as amended, that the Council of the Corporation of the Townships of Anson, Hindon and Minden proposes to consider and, if deemed advisable, to pass at its regular meeting to be held in the Municipal Council Chambers on Milne Street, Minden, Ontario, on Tuesday, August 26th, 1986, at the hour of 7:30 p.m., a By-law to stop up, close and convey that parcel of land more particularly described as follows:-

Part of the original shore road allowance lying in front of Lots 21 and 22, Concession 2, in the Township of Minden, in the County of Haliburton, along the shore of Kashagawigamog Lake, designated as Part 1 on a Plan of Survey by Dearden & Stanton Ltd. dated May 2, 1986.

AND FURTHER TAKE NOTICE that before passing the said By-law at the meeting to be held at the time and place above-mentioned, the Council shall then and there hear in person or by his or her counsel, solicitor or agent, any person who claims that his or her land will be prejudicially affected by the said By-law and who applies to be heard.

DATED at the Township of Minden this 25th day of July, 1986.

(Ms.) B.A. Millar, A.M.C.T. (A),
Clerk-Treasurer,
P.O. Box 98,
Minden, Ontario,
KOM 2K0

A copy of the Plan of Survey is available for inspection at the Office of the Clerk during regular office hours.

Trent Severn report

On Monday, August 11, the Haliburton Lakes held to 77.1% of the average maximum storage level. This level was about 7% above the 10-year average and represents a small surplus available for this time of year. A drop of only 2.3% occurred from the week before.

The wet weather of early August has gone by at the present time, and the surplus which had existed on the Kawartha was gone by August 12. Flow reductions were made on the Otonabee this week (ending August 16). Near the end of the week more reservoir water was started running to help arrest the decline of these lakes.

The heavier run of tributary water seems likely to continue, since the weather forecast is not indicating very wet conditions.

Haliburton Marine 1984 BOAT STORAGE

We have inside facilities for 250 boats.

All repair work is done during the winter months, so you'll have your boat to enjoy when next summer arrives. Please reserve your space early, we can accommodate a limited number!!

YOUR SATISFACTION IS OUR AIM.

The winner of the Minden Curling Club canoe draw was Michelle Levesque of Minden.

Club 35 card party winners for the week were: door prize - Mabel Trodd, most lone hands - Betty Campbell, high lady - Olive Daniels, high man - Fern Donnelly and others - Virna Sawyer, Joyce Sanderson and Percy Cowling.

The people that walked in the Walk-a-dog-a-thon will be able to pick up their trophies at the Pet Food Shop opposite the Post Office.

Brenda and Tim Carroll of Nipigon spent several days with her parents Minnie and Art Austen.

Eva McDougall of Edinburgh, Scotland is presently visiting with Jack and Freda Stacey.

Winners at the Thursday afternoon Shuffleboard euchres at the Library Cultural Centre were: lone hands - Jean Burk, and others Hilda Harrison, Margaret Jarvis, Harold Dixon and Marg McAfee (man's).

Irma, Goldie and Jamie Walker returned after visiting Neil Waller at Saskatoon and other relatives at Carbon, Calgary and Drumheller.

Mr. and Mrs. Wilson Nixon of Florida spent a few days with his sister and husband Mr. and Mrs. Cecil Burk.

We ran into former residents Jenny and Cecil Riches and Jeanette all from St. Catharines who are spending a week in the village and a chat with friends.

Weekend guests with Fred and Bess Cox were Gerald and Bonnie Lou Nettinga of Lindsay and Laurel McKay of Brady Lake.

There was a very good turn out for the weekly shuffleboard tournament with winners of main event being Nancy Cook and Don Sinclair and consolation Sylvia Howard and Mary Busby. The club is open for membership and the courts are open Monday through Saturday with weekly tournaments Wednesday morning at 10.

Everyone will join in sending good birthday wishes to Edna Cowen on August 25th.

Florence and Phil Robinson spent last weekend with

son Bradley of Toronto. While there they enjoyed celebrating her aunt Mrs. Annie. Holinshead's 100th birthday at Armour Heights United Church on Sunday. Mrs. Holinshead is a sister of the late E. A. Rogers.

Euchre games at South Lake Trailer Camp last Tuesday, August 12 were Barry Mahaffy, Trina Moore and Grace Holman. Next weekend will be a busy time there with corn roast on Saturday and Legion pipe band there on the 24th. Hear that D.D., Jason, and Karen all made it up on water skis.

Sincere sympathy goes to the families and friends of the late Thomas Bolton and H.R. Howse (Haliburton) whose funerals were recently.

Stuart Harrison and Hilda enjoyed a happy time with the family at the Kylies cottage at Boshkung Lake Saturday as celebration of his birthday. Belated good wishes to him.

Monday morning we saw the familiar faces of Anne and John Rockory of Lindsay.

Any members of Minden Women's Institute who would like to go to the 60th anniversary of Blythe Branch on Thursday, September 11 please call Mary by August 30 at 286-1158.

Keep August 31st open for Minden Rotary Club's next \$1,000 bingo at the Centre downstairs, with bigger prizes.

Mr. and Mrs. Brad Neave and Rebecca of Scarborough spent the weekend with her parents Mr. and Mrs. Don Campbell.

The Red Cross Bazaar which was rained out August 2nd will be resumed on Saturday, August 23 at 10 in the Parkette.

Other events are a Teen Dance on Friday evening at Community Centre 8 - 10:30. Free movies for children at the Library Thursday at 7:15. Museum Rummage and Bake Sale Friday, August 22 at the Parkette at 10. Cornfest on Saturday at the Stanhope Fire Hall. Flea Market at Haliburton Legion on August 30 and a benefit concert at the Bandshell in Haliburton to buy majorette uniforms, from 6 - 9.

The Pan Am Slalom will be this weekend Saturday and Sunday, to reach this turn on Highway 35 and then just over the bridge turn right and on for 5 km.

Times columnist Jeanne Sears was one of the many participants in the Fall Fair parade on Saturday. Getting into the spirit of the theme, she donned this pioneer costume, complete with colourful bonnet, and joined the marchers. Jeanne's column, 'Around the County Town' appears weekly in The Times.

The Haliburton County Fair is over once more and with a fine parade and good weather the crowd saw a good show. Myself, I surely liked the hunters and western horses and stayed in spite of the heat. There were many rides for the youngsters and what a great display of crafts going on in the one tent. A great day to meet friends and relatives.

We seem to be getting our summer weather a bit late, but we are enjoying it. Keep smiling.

Guests with Mr. and Mrs. I Russell King were former residents Cec and Jenny and Jennette Riches from St. Catharines. Nice to see friends again.

Yvonne Guida was back in Toronto this past week to attend a performance of the Toronto Symphony with principle conductor Andrew Davis conducting. The Corps de Ballet also performed. This group will be featured in Europe this season. The themes of the Symphony were a contem-

porary piece called the Earth written by Alexina Louie who was presented with a bouquet of roses at the end of the symphony. Prokofiev's Symphony No. 5 Op 100 and Stravinsky's L'Histoire Du Soldat, performed by the ballet and featuring Karen Kain, Peter Ottman and Jeff Hyslop as the Devil. Yvonne confesses Prokofiev and Stravinsky are not her favourite composers, although she loves the ballet performance of Stravinsky's Petrouchka. She much prefers Beethoven, Tchaikovsky, Chopin, Brahms, etc., however, it was an interesting experience. On Sunday, with her companion, Spanish financier Michel Radulesco, she went to the new Tannenbaum Opera Centre to see a concert version of Rossini's opera La Cenerentola. It was an enchanting performance and afterward, they attended a reception and had an opportunity to meet and converse with the young stars, whom Yvonne says will certainly go far. It was a most enjoyable few days.

SECONDARY SCHOOL
STUDENTS**

REGISTRATION will take place at Haliburton Highlands Secondary School from Monday, August 25, to Thursday, August 28, 1986 during the hours of 9:00 a.m. to 4:00 p.m., except on Tuesday and Wednesday. On Tuesday and Wednesday, registration will take place from 9:00 a.m. to 9:00 p.m. There will be no registration on Friday.

Registration will involve:

1. Purchase of combination locks, if required, cost is \$3.00.
2. Payment of \$5.00 Activity Fee.
3. Assignment to homeroom.
4. Receipt of student timetable.

New students and adults interested in upgrading courses should also register at this time. Guidance counsellors will be available for assistance.

School will commence on Tuesday, September 2, 1986.

L.A. Hemphill

senior league

by Pearl Lyle

Hello Folks! Sorry to have missed last week's news. As we older folks say I was a bit under the weather.

The services Sunday evening were conducted by Rev. John Burgess, assisted by Mr. and Mrs. Thompson. On Tuesday morning Mr. Wicks of the Minden Gospel Church had service.

The movies Monday night were All About Bear, Temples of Time, Inter Tidal Zone. These were very good.

Wednesday night Earl Cooper and his helpers came and we enjoyed their music and singing.

Thursday morning fun and fitness Five Pin Bowling winner was Charlie Brohm.

Lily Hogg and her son Howard and his wife had a nice visit.

On Friday morning we had chest X-rays in the Auditorium.

The Auxiliary put on the Tea Party lunch this week. It

was cheese and crackers with dip. It was very tasty. After lunch we had good music put on by Doris at the piano, Bill Moore on violin and banjo, Percy Brintnell on violin, Amelia Good with her tambourine, and Gordon Ruttle on kettle drum. It sure was very enjoyable. They ended with Our Golden Wedding Day, and Good Night Ladies. While visiting his mother (Edith Welch) and Aunt Caroline Jones, Jerry and Jean Welch of Florida were guests of Doreen James. They enjoyed their stay very much. Ron and Pat joined them on Saturday and were visitors at Hyland Crest with Ron's Mother and Aunt.

Sorry to report Dr. Lodenquai is leaving Minden. He will be greatly missed.

Judith Toye (Reiprich) is back on duty after spending their honeymoon in Pocono Lodge, P.A.

Happy birthday goes to Violet Thornett, Edna Cowan, and Isabella Avery. Edna had her friends Mr. and Mrs. Hooper of Ottawa to call on her on Friday. Mrs. Taylor her niece call on her and take her out for the day Saturday.

Saturday at 11:30 a.m. Doris brought the bus around and took a full bus load for a drive to the Minden Fair grounds. The weather was nice and I believe most of us really enjoyed the outing for a change. We arrived home shortly after 2 p.m.

Mr. Brohm attended the Brohm Reunion at Balsam Lake Park and reported quite a large crowd and a good time was had by all.

Lots of storms have been reported but, Minden seems to have missed them. We are thankful for that.

More next week. Bye for now.

kid's korner

by Jean Lacey

Hi Kids!!

Here is another puzzle for you with a word list. Look in the diagram of letters for the words given in the list. Find them by reading up, down, forward, backward and diagonally. They are all in a straight line and do not skip letters. Circle the words in the diagram and cross it off in the list.

It's as easy as that. Have fun!

Q: What is the weakest animal in the world?

A: A frog. He will croak if you touch him.

Q: What box can never keep a secret?

A: A chatterbox.

Q: What is a prickly pair?

A: Two porcupines.

Teacher: When a barometer falls what does that mean?

Little Billy: That the nail's come out of the wall, Miss.

FOR SALE: Used desks, files, storage cabinets, stacking, office chairs, steel adjustable shelving, store displays, Blairs New and Used, 21 Alex Ave., Woodbridge. Phone (416) 851-8100. Near Hwy. 7 & 400., Mon. - Fri. 9 - 5, Sat. 10 - 1.

FOR SALE: Hard water problems? Introducing the water softener that doesn't use salt. No more lugging heavy bags of costly salt. Other softeners remove calcium and other good-for-you minerals. We don't add salt to your water or remove beneficial minerals, because that's not good for you. Other softeners take up lots of room, use electricity, require backwashing, cost plenty to install and too much to maintain. We don't. Call toll free 1-800-268-2656 for healthier, better tasting cleaner-washing water.

FOR SALE

CARD OF THANKS

We would like to thank everyone, friends and relatives for the flowers and cards on the sudden death of our father Harry Voicy. Special thanks to Randy Warburton and his people from the church who donated the food. Thanks also to the Monk Funeral Home for all the help and thoughtfulness they shared in our time of sorrow.

The Voicy Family

CARD OF THANKS

I would like to take this opportunity to say a great big thank you to the Royal Canadian Legion, Haliburton, Branch 129 for sponsoring the Kid's Day Events on Sunday at the Haliburton County Fair, especially two of the Legion ladies, Helen Cox and Edie Cole, who supervised the distribution of our prizes. Also a special thanks goes to Laurel McKay, who helped with the games and pinned on ribbons for almost 5 hours nonstop. Donations from the following merchants were also much appreciated: McMahon Feed & Bait, Easton's Valu-Mart, Minden and Dollo's I.G.A., Minden. Wayne Henderson and Faye Maddock also played a large part in the success of our Kid's Day Events, organizing and overseeing the facepainting, crafts and activities under our tent. Thanks once again, Wayne and Faye.

Bess Cox,
Kid's Day Events
Co-ordinator,
Haliburton County Fair

I would like to thank all my friends and neighbours for visits, telephone calls, cards and gifts while I was a patient in St. Joseph's Hospital, Peterborough and at home. Special thanks to Dr. Good, Dr. Belch and nurses of 240 wing. Also those who helped at home.

Carl Wm. Dugan

IN MEMORIAM

CASEY: Wm. Warner - In loving memory of a dear husband, father and grandfather and great grandfather

Though his smile is gone forever,
His hand we cannot touch
Still we have so many memories
Of one we loved so much.
His memories are our keepsake

With which we'll never part
God has him in His keeping
We have him in our hearts.

Lovingly remembered,

Wife Mary, family and grandchildren

COULTER: Harold - In loving memory of a dear husband, father and grandfather who passed away August 23, 1983.

Sadly missed along life's way,
Quietly remembered every day.
No longer in our life to share
But in our hearts, he's always there.

IN MEMORIAM

Ever remembered by

Wife and family

COULTER: Harold - In loving memory of Harold Coulter who passed away August 23, 1983.

Memories never fade.

Cousin Dorothy

McKELVEY and CRAWFORD: In loving memory of my loved ones. My sister Bernice McKelvey Crawford who passed away August 14th, 1972. My mother Dossie McKelvey, August 14th, 1973 and my brother Wallace Elwood (Buster) February 1st, 1975.

Those we love don't go away
They walk beside us every day
Unseen, unheard, but always near
Still missed, still loved, still very dear.

Lovingly remembered by

Mildred
